

# Level Gages...Flush Rigid Plastic

Patent Number 6,532,815

## ORDERING EXAMPLE

Please include the following:

- Gage Series
- Gage Description
- Fractional Portion of Centerline Length
- Mounting Kit
- Seal Material
- Whole inch value (3" to 36")

Example below: (B3642-10516BA1W) a Standard Flush Round Nylon Level Gage, 5-1/2" centerline length, Buna-N seals with front mounting, 1/2-20 thread size.

**RIGID PLASTIC LEVEL GAGES** can be mounted flush against the outside surface of a liquid reservoir with only a small amount of protrusion.

Liquid level gages for flush mounting are used for a multitude of applications, such as on tanks, reservoirs, packaged hydraulic equipment, large steel mill pumps, hydraulic presses, and for any other application where it is desirable to indicate liquid levels.

Liquid level gages are used to determine the liquid level inside a reservoir by visual observation of the level in a transparent sight. The clarity and condition of the liquid can easily be checked. Models with a thermometer will also show the temperature of the liquid.

Break resistant level gages show the liquid level clearly from all sides. These gages are made of clear, transparent, almost unbreakable Trogamid® nylon which can be furnished in many lengths.

Back mounting gages are used on tanks permitting access to the inside in order to fasten the nuts on the mounting studs, inserted in drilled holes in reservoirs. Front mounting gages are used on reservoirs which do NOT permit access to the inside, therefore, the tank must have two tapped holes, to receive the mounting studs, which are fastened from the outside. Many special gages have been developed for customer's specific applications.

## SPECIFICATIONS:

- Pressure
- Temperature
- End Blocks
- Sight
- Seals
- Mounting Kits

125 P.S.I. Max. at 72° F.

205° F. Max.

Aluminum Alloy

Round Nylon (Trogamid®, Red Line Tape)

Buna-N

Aluminum, Plated Steel

(Shut-off Mounting Kits - Stem, Brass)

**Mounting Studs Torqued to 90 IN\*LB  
When Installing Level Gage**
